Experience

DoubleTree by Hilton | Dubai

Receiving clerk | 05/2019

As a Receiving Clerk at Double tree by Hiliton I am responsible for managing the receipt and inspection of all incoming goods and supplies. My duties include verifying shipments against purchase orders, ensuring quality standards are met, and maintaining accurate inventory records. I collaborate closely with vendors and internal departments to facilitate smooth operations and ensure timely availability of essential items. My role requires strong attention to detail, organizational skills, and effective communication to support the hotel's operational efficiency and guest satisfaction.

Skills

Communication skills, Guest services, Problem-Solving, Databases: MySQL, MongoDB, Front-End Technologies: HTML, CSS, JavaScript, React, Back-End Technologies: Node.js, Express, Version Control: Git, GitHub, GitLab

Education

Evangadi Tech | USA

Full-Stack Web Developer | 09/2024

Completed a Full Stack Web Development Bootcamp: Successfully finished a rigorous program covering front-end and back-end technologies.

Academic Projects: Developed and launched several personal or group projects, such as a web application or portfolio website, demonstrating practical skills.

Contributions to Open Source: Contributed to open-source projects, gaining practical experience and recognition within the developer community.

Guilin Science and Technology University | China

Business Administration | 05/2017

Professionals in this field are responsible for ensuring that organizational goals are met efficiently and effectively. They analyze market trends, develop business strategies, manage teams, and maintain operational workflows to enhance productivity and profitability. A strong foundation in business administration equips individuals with essential skills in leadership, communication, and decision-making, making them vital to any organization's success.
